

“My 86-year-old mother, Mary Jones, fell and broke her hip in late May. Following surgery, the doctors suggested several rehab facilities, but we chose Walnut Place and are so glad we did.”

—Rob Jones, son of Road to Recovery patient

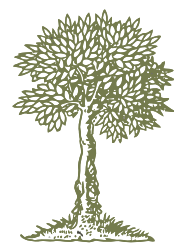

### An Adult Son Shares His Thoughts About Mom’s Rehab Care at Walnut Place

“My mother’s recovery from hip surgery was delicate, not only for her physical health, but her emotional health, since she had not been away from her assisted living home in many years.”

Rob, his family, and the nurses at Mary’s assisted living community were concerned about how she would respond at another community. As it turned out, their worries were unfounded.

When Rob visited on Mary’s first day and asked how she was doing, his mother immediately replied, “Oh my, I just love it here!” He pointed out that during her entire month-long stay she said the same thing every day. “The nurses and rehab personnel could not have made her feel more special.”

He shared high praise for the entire Walnut Place team—and especially for one nurse who provided assistance throughout his mother’s stay and transition back to assisted living upon discharge. “I don’t know how we could have done it without Andrea. She is a total professional.”

## PRAISEWORTHY TEAM

At Walnut Place, we always are honored when residents and families take the time to share their appreciation for our dedicated team.

### ONE ROAD TO RECOVERY COUPLE HAS HIGH PRAISE FOR OUR STAFF

Mr. and Mrs. Brant shared a room during his Road to Recovery care at Walnut Place. They offered rave reviews not just for the community and rehab program, but also for individual team members.

**Donna** “Morning Nurse was just wonderful! Very nice lady.”

**Francis** “She was very sweet and nice every time she would come in the room to bring us our meals.”

**Terrie** “A ray of sunshine! Helpful and wonderful, went above and beyond for us. She even went out of her way to bring Mr. Brant some McDonald’s because that’s what he wanted for breakfast.”

**Latonya** “Very helpful.”

We’d love the opportunity to earn your praise.
